

One in three strokes results in aphasia

dyscover
specialist aphasia support

Leaving a legacy

Make a difference and help future generations who may need help with communication after a stroke

Dyscover offers long-term support, hope and opportunities to people with aphasia and their families isolated by this language disorder.

Led by Speech and Language Therapists, we offer a wide range of support programmes, conversation groups and activities to develop confidence, new communication skills and techniques. We are currently leading the way on support for people with Primary Progressive Aphasia, a rare dementia which affects language.

Whether it's £50 or £5,000, every gift can make a real difference to the future of Dyscover and its long-term support to the local community across Surrey and beyond.

61% of people in the UK give regularly to charities ~ ONLY 7% leave a legacy

“I couldn’t speak, work or do anything... at Dyscover they say, ‘push yourself’. It’s bit by bit... but I’m loving it!” Paul (in photo overleaf on a Dyscover family activity day).

There are three ways to give...

Pecuniary Gift

you can choose to give a gift of a fixed amount of money.

Residuary Gift

you can choose to leave a share, or the whole, of what is left in your estate once you have provided for your loved ones and all expenses have been paid.

Specific Legacy

you can choose to leave a specific item such as jewellery or shares.

It is very easy to add a Codicil to an existing Will, and these forms are available either on our website or from the Dyscover offices in Leatherhead.

Please ask us for more information and advice, or talk to your Solicitor.
